Cleaning pairs

pairs look like 2-8, 3-7

which looks like: 2, 3, 4, 5, 6, 7, 8
                   3, 4, 5, 6, 7

Fully Contains → all numbers contained by another range

① Read file
② Split pairs 2-8 | 3-7
③ get the range built out like 2, 3, 4, 5, 6, 7, 8
④ Some sort of containsAll between pairs
⑤ Counter ++

                    Answer = 431

Part 2:
Overlap at all ?

  2-4, 6-8

2, 3, 4   } Don't overlap at all
    6, 7, 8   }

It must mean if the range contains even just
one number of the other

        ▸ Use !collections.disjoint
